Everything your patient needs to complete the 23-Day Diet Option of the Evolution Weight-Management Lean-Body (500-Calorie) Protocol!

hA²cg Evolution — The **Evolution Weight-Management Kit** contains 2 bottles of **hA²cg Evolution**. This revolutionary homeopathic product combines 23 ingredients that temporarily relieve the symptoms that commonly occur with weight loss. This formula should be used in a practitioner-supervised weight-loss plan. Two of the active ingredients in **hA²cg Evolution** are homeopathic dilutions of AACG-A and AACG-B. These amino acid chains are biidentical to certain active amino chains in human chorionic gonadotropin molecule. Along with the other 21 time-tested homeopathic supportive ingredients, AACG-A and AACG-B temporarily relieve symptoms that accompany dieting such as hunger, headache, fatigue, and mood swings.

Appetite Control — Appetite is not always physical. Many people feel hungry or experience cravings when they are under stress or otherwise emotionally impaired. **Appetite Control** was formulated with several homeopathic ingredients that have been used traditionally to temporarily relieve symptoms such as emotional issues, cravings, and hunger.

Crave Control — This nutraceutical formulation combines ingredients shown to promote regulated eating habits and lean body mass without stimulating the central nervous system. **Crave Control** contains konjac root and hoodia gordonii which have been associated with feelings of fullness and satiety. White kidney bean extract supports a healthy metabolic response to carbohydrate-containing foods. Garcinia cambogia encourages favorable utilization of energy by limiting fat biosynthesis. Rhodiola, 5-HTP, and tyrosine promote alertness, improved mood, and focus to help the body deal with feelings of hunger.

Comprehensive Homeopathic Detox Kit — Every weight management program should be supported by a comprehensive detox program. As fat is solubilized, toxins are released into the bloodstream. Without proper support, the body's elimination systems can be overwhelmed leading to a clearing reaction. These six homeopathics — **Detox I, Detox II, Detox III, CerebroMax, SpinalMax, and Matrix Support** — can help relieve symptoms related to the body-wide issues that occur when weight is lost, such as headache, fatigue, general malaise, body aches, etc.

These statements are based upon traditional homeopathic practices. They have not been reviewed by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.
